Dear Dr. Min,

I write to honor you and your lifetime of dedication and contributions to martial arts in the United States and around the world. Your commitment and dedication to increasing worldwide knowledge of the art of Taekwondo are an inspiration to me and to so many others, especially to those who practice the art. Your role in the founding of the University of California Martial Arts Program and in promoting the global acceptance of Taekwondo as an Olympic sport are a testament to your role as the Father of Modern-Day Taekwondo.

In recognition of your accomplishments, I'm pleased to enclose a Certificate of Special Congressional Recognition.

All my best,
