#### A BRIDE'S TESTIMONY

*"I hired LADIEKADIVA.com for my wedding and LaToya was my makeup artist. Let me start off saying that this woman is not only creative but patient!*

*We took the time together well before my wedding date to talk about a possible look. During my consultation, I tried several looks before we finally narrowed down what would be perfect for my day. I loved all of them and couldn't decide. Her knowledge of lighting and photography truly helped me select the colors and techniques which not only made me look great in person, but in all of those photos and videos I had made for that day!*

*On the day of the ceremony, LaToya took the time to do not only my wedding party but my mother to be and another attendee who wanted their faces done. Though each of them felt like they were special and well taken care of, Ms. Simms took EXTRA special care of me, making me feel like a truly pampered bride.*

*Her professionalism mixed with her fun and caring nature makes her a wonderful candidate to enhance your beauty for your special day!"*
