

LEG STRAP FOR INFLATABLE LIFEJACKET FITTING INSTRUCTIONS

Art: LG_2NEW

STEP 1

Follow each step in order.

Prepare the leg strap for attachment.

STEP 2

Lay the lifejacket face down on a flat surface and open the buckle.

STEP 3

Thread the loop without the buckle through the rear strap webbing.

STEP 4

Thread the other end of the strap, including the buckle, through the loop.

STEP 5

Pull the strap tight to secure the loop firmly around the rear strap webbing.

STEP 6

Thread each leg-strap loop over the corresponding lifejacket buckle and onto the waist webbing.

STEP 7

Close both buckles. Check that the straps lie flat and are securely attached.
