**1/2023** *“Our downspouts run into an underground drainage system which had become blocked, causing flooding under our home. Aaron was the lead plumber who worked with his partner relentlessly to finally resolve this problem. After many attempts to clear the system the blockage remained. Finally, after many different types of equipment and much time, Aaron suggested a different approach and resolved this difficult problem to the relief of us all. His persistence is commendable. And very much appreciated. Great job! We will use Sindelar Plumbing for future needs and highly recommend them.”* **Dennis M. Soulsville, CA**

They ran a camera to make sure everything was okay. They were very informational and even fixed a washer ring on our toilet even though we didn't call them out for that. I always appreciate the timeliness of Sindelar plumbing. In the past we have even been able to get them out next day on a holiday weekend. **9/2022** *“Our hot water heater failed on a Thursday evening. I reached out to Sindelar Plumbing Friday. Alyssa was incredibly helpful to us, sent out a technician late on Friday afternoon. The tech determined the issue. We decided to replace the hot water heater. Alyssa emailed a quote to us later on Friday. We accepted the quote, and she acknowledged it ASAP. She let us know that they would be able to do the installation on the next Monday! Reuben and Ryan showed up at 1:15, and had the new hot water heater ready to go by 3:30. Incredible service! Friendly, clean, knowledgeable staff. Can't imagine using anyone else for our plumbing needs!* **Sherry B. Sonora, CA**

**9/2022** *“I had Sindelar Plumbing come out due to a leak in the plumbing in the basement. They were "Excellent" in their workmanship. Ronnie and Lee were the plumbers who came out. They were quick, friendly and went over and beyond what was expected. They found that my septic tank was plugged and needed to be drained. They helped me with companies to call and did some extra digging to expose both openings to the septic tank of which saved me some money with the Septic company as I didn't not have to pay extra for digging. I would highly recommend these technicians and Sindelar Plumbing over a above anyone else. I have had them come to do work on my house 4 times and all times were with excellent work!”* **Cherly S. **5/2022** *“I had a great experience with Sindelar Plumbing. We had a noticeable leak from upstairs bathroom going down to our bottom floor. I called and Alyssa helped me get service quickly. They sent someone out the next morning. Aaron and his partner diagnosed the few issues they saw. They had to find the parts for my shower valves and I got a call just an hour after they had left saying they could come back and complete the job the same day as they located the exact parts for my shower. They even took care of a couple little things they noticed for me while they were there. Most importantly, the customer service was amazing. I really appreciated my communication not only with the gentlemen doing the work, but with Alyssa at the front desk. I highly recommend them for honest work at a fair price. I may be adding a half bath soon and will be looking into a quote for that. Thank you guys!”* **Shaun J. Modesto, CA**
