**5/2021** *"This review is a bit late since we used them last year but I find reviews from fellow Yelpers helpful, so here it goes. We were new to the area and I started calling around to find a plumber to help with a rather small job - replacing bathroom fixtures after a light cosmetic remodel. They had to come out twice and everyone was always super nice and helpful. On time too. They never once made me feel like my job wasn't important and even did me a huge favor and came quickly after I was told by another trade that they couldn't move forward until after the plumber did their part on the job. Oops...that was my bad but Sindelar came out that same day and got me out of a jam! I highly recommend them. They also seem to be well respected by other trades people which is always a good sign."* **Diane V. Sonora, CA**

**4/2021** *“On recommendation and upon further (Yelp) review I called Sindelar plumbing to diagnose a leak. Dave and Lee showed up at the crime scene and determined I had a leaking toilet and possibly more. I agreed and because the toilets were old I decided to go with replacing all three toilets. We scheduled a follow-up for installation. After installation and they had left, I noticed one of the toilet bowl water level was receding to a very low point. It was receding ever so slowly and would not have been noticed after the initial installation. I called Sindelar and back came Dave and he agreed something was not right. He could have recommended to reschedule another appointment but no, so back down the hill he went to pick up a new toilet and came back to reinstall it. Insofar as the toilets go, after discussion we decided that I would go with the Stealth single .8 gallon flush toilets and I'm impressed. Going from 3-4 gallon flush to .8 gallons is impressive. And yes, there is enough force/flow to take care of any "crump sessions." So to Cortney, Dave, Lee and Rolando "Tanks" for everything and artillery too!! :-)* I highly recommend their service, they are truly a five star service.” **H A. Fremont, CA**

**3/2021** *“I am a maintenance manager and small business owner in Pine Mountain Lake, Groveland Ca. I first contacted this company in March of 2019, on a Friday at 4:45pm when a water line broke, every other Company I called had me leaving a voice mail. They were there in 10min! They were professional, and did the job right. I have given this Company 100% of my business for the past two years and will continue to do so. They never cease to amaze me, this latest incident required same day replacement of an Airbnb water heater and they did what it took to address it, knowing I had a family in the home from out of state.”*

**3/2021** *“Installed a new water main after we developed a leak in the line inside the slab for our driveway. Fast to diagnose the problem, and fast to schedule and complete the work - even when an extra challenge cropped up. The whole crew is super professional. I will call Sindelar every time!”* **Emily H. Twain Harte, CA**

**12/2020** *“Great plumbers. Great prices Great work and recommend them for any plumbing needs. Best plumbers in Tuolumne County.”* **Kt B. Sonora, CA**

**10/2020** *“They fixed my problem very fast, and were very professional.”* **Bill S. Sonora, CA**

**9/2020** *“Called to price a water heater replacement (wanted to replace it before it went out on me) and the phone was answered right away. John came out within a few days to look at the water heater to make sure he was getting the correct replacement. Within a few days after that his crew was out installing the water heater. They were very neat, clean and personable. They did a great job replacing the old (almost 12-year-old water heater) and replacing it with a brand new quality water heater. I highly recommend them and will be using them in the future for my plumbing needs!”* **Joe R. Sonora, CA**

**9/2020** *“Had a clogged drain I couldn't unclog called them Saturday evening set up appointment for Monday realized I couldn't wait called back they were willing to come right then but I said it wasn't that important and set up for first thing Sunday. He came out and had it unclogged in about 30 minutes. Super responsive and willing to come out anytime would highly recommend for plumbing needs.”* **S B. Sonora, CA**

**8/2020** *"Everyone I dealt with , from the office, to the guys in the field made the installation of a mobile home, "REEM" water heater seem easy. They came out to inspect, sent a reasonable estimate, set up a date, installed, clean up the mess in 3 hours. "Who you gonna' call" Sindelar"*

**8/2020** *"Exceptional customer service. In an area where getting service people to even return your call, Alyssa answered our call at 8:00 AM, scheduled an appointment for the same morning. Rueben showed up on time, with a mask, extremely efficient and had our garbage disposal replaced in no time. He proceeded to leave the area as clean as when he arrived. This is the best experience I have had in the 34 years I have lived here. Awesome!!"*

**7/2019** *"So happy we found Sindelar Plumbing! After a long absence, we arrived at our cabin to find a broken pipe. We called Sindelar and they were here within a few hours! Found the problem and fixed it in under hour. Danny and Aaron were friendly and helpful, and rate for the job was very reasonable. Thank you so much! We will keep this # handy for the future!"*  
**Dawn B. Aliso Viejo, CA**

**5/2019** *"Rave reviews for Sindelar Plumbing and Aaron. Arrived at our cabin last night to broken pipes. Called 24 hour emergency service line. Aaron responded immediately and was at our cabin within an hour or so. He was pleasant and very professional and fixed 3 broken pipes for us. We can't say enough about the response time, the service and the value! 5 stars! Thank you Aaron and Sindelar."* **Karen B. Morgan Hill, CA**

**10/2018** *"Went to home advisor online to find a local plumber and they connected me with Sindelar Plumbing we received a text within 5 minutes stating they were available today so we called them and they were at my house in about an hour and a half- from my first inquiry to them leaving took less than 3 hours- they also made sure to keep my gates and doors shut to keep my dogs in, super friendly, very courteous and respectful and reasonable! Will definitely use again if needed!! Highly recommended!!!"* **Wendy C. Sonora, CA**

**10/2018** *"Sindelar Plumbing fixed my main waterline leak under a my side walk. Fast response and got the job done. I recommend their service and will call again in the future. Thanks!"*  
**Kevin H. Sonora, CA**

**9/2018** *"I recently had the pleasure of using Sindelar Plumbing. I left a message and received a call back within 5 minutes. John met me at the property and diagnosed the problem. Then they came back and fixed it the next day. Very reasonable and knowledgeable. I've used quite a few plumbers and Sindelar Plumbing is by far the best."* **Cheryl H. Sonora, CA**

**5/2018** *"Found these guys through Home Advisor trying to find a plumber to unclog a kitchen sink drain that my snake wasn't long enough for. They txt me within 5 minutes and from my call back until the job was done was less than three hours!! They left the job they were working on - came right over and ran 75 foot of snake through the drain to clear the clog. Price was as expected and within the range of what I'd expect but timely and professional service was simply amazing. I have never had a plumber respond so quickly. Wow."* **Earl W. Sonora, CA**

**3/2018** *"Great plumber. Very fast and will come take care of your leak, or repair immediately. Very honest work. Had a leak under my sink came and repaired it within a hour and great price."* **Johnny P. Sonora, CA**

**3/2018** *"My toilet was leaking so I called and got someone out the next morning to fix the problem. Very professional and they do great work."* **Mike D. Sonora, CA**
