

## Light Reflecting Material Program Policy #2 – Eligible Applicants

*Endorsed by Program Policy Committee: January 1, 2021*

1. Eligible applicants are the operator of the farmed property located in BC at which the material will primarily be used.
2. Eligible applicants must use best efforts and follow good horticultural practices to place the material on their crops.
3. To be eligible, growers should have the product inspected in place by a program inspector. Subsequent inspections may be carried out at the discretion of the program administrator.

Note: The inspector will contact the applicant to arrange an inspection. The inspection may take place after harvest and the materials can only be viewed in storage. Growers should take photos to prove the usage.
