5-Day £5K Proof of Value (PoV) Offer

Start Small, Sprint Often, Scale Fast…

voxnube.ai

PoV Gives You...

- o One week to a platform, not just a demo.
- o 5 days → a repeatable platform for growth.
- o Proof now, platform next: scale without the guesswork.

Additional Sprints

- o Keep Sprinting: each £5K sprint automates another bottleneck.
- o £5K a sprint — stack sprints, multiply efficiency.
- o Small sprint, big automation: rinse & repeat at £5K.

Increase ROI

- o Compound ROI: each sprint accelerates payback.
- o One sprint pays. Multiple sprints multiply.
- o Turn a quick win into sustained ROI — sprint, scale, repeat.
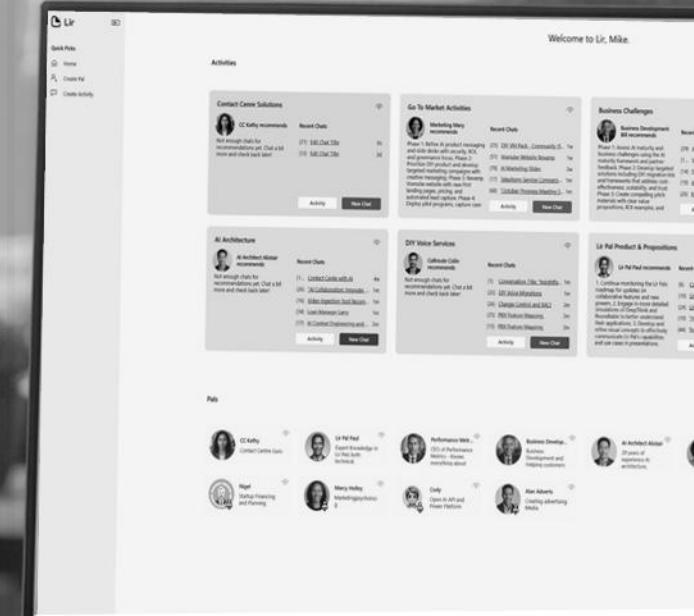

Why Test Fast...

Slow processes and hidden costs are blocking growth — prove where money and time leak in one week.

o   Find hidden costs fast (recurring spend you didn't know about)

o   Prove ROI in days, not months

o   Reclaim skilled time from manual triage

o   De-risk decisions with real data, not guesses

o   Surface quick wins you can scale immediately

o   Validate integration & compliance before heavy investment

o   Reduce project waste and stop chasing false claims

o   Create a repeatable platform for follow-on sprints
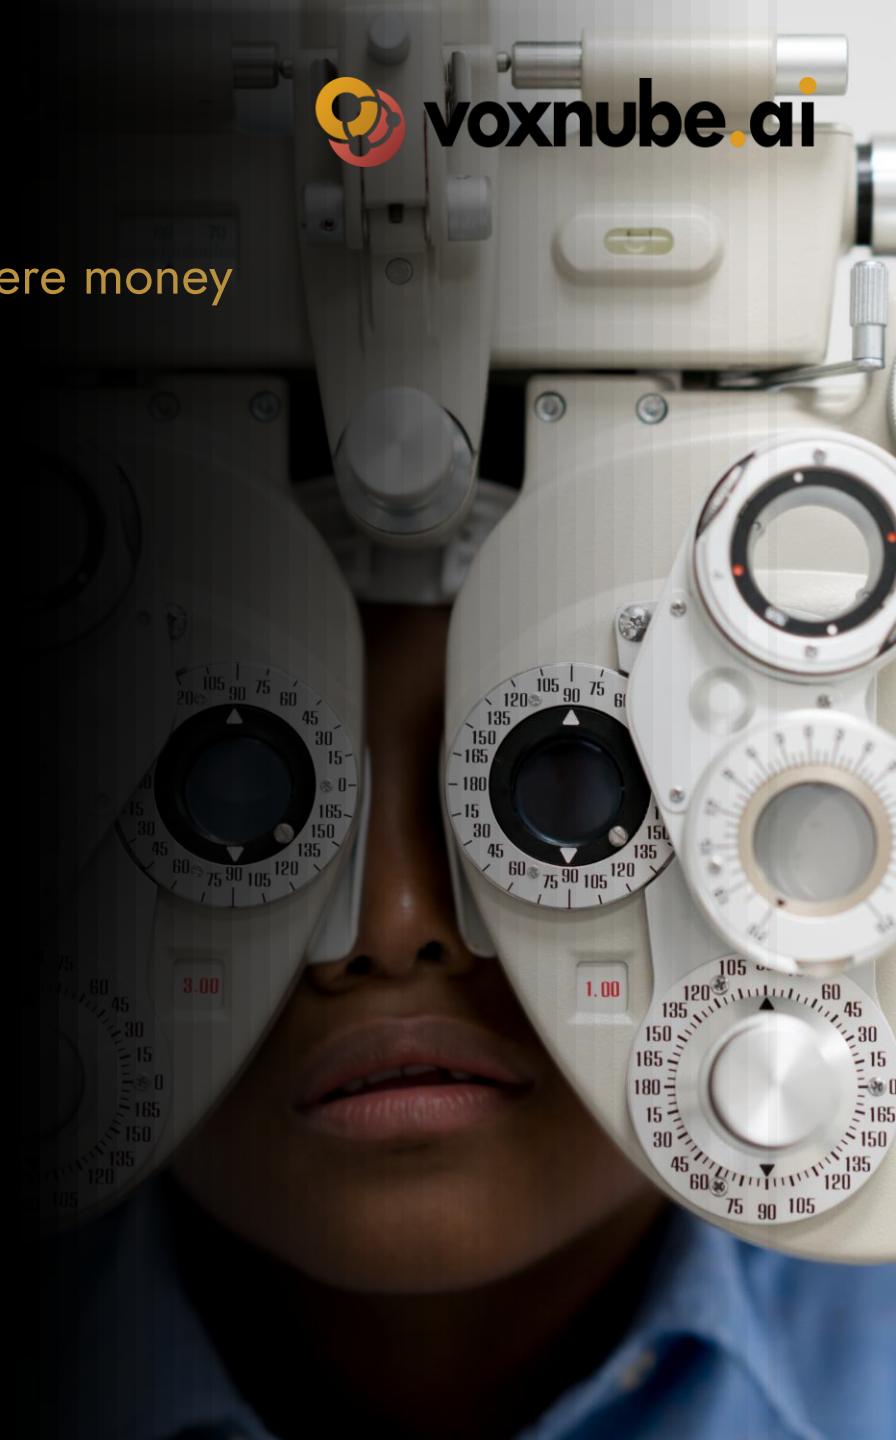

What we will prove in 5 Days...

voxnube.ai

One week. One dataset. One prototype and a platform you can sprint to production

- o Working prototype that runs your core flow end-2-end.

- o Live stakeholder demo + recorded walkthrough for sign-off.

- o One representative dataset → baseline vs PoV KPIs (accuracy, % automated, time saved).

- o A one-page ROI with clear £/month (or % time) impact and payback.

- o Runbook + handover ZIP (how to re-run, artifacts, next-sprint backlog).

- o Minimal access required — we'll work from sanitized samples if needed (fast, low-risk).

- o Acceptance evidence: demo + signed one-pager (pass/fail checklist).

- o Foundation for scale: repeatable £5K sprints to compound ROI.
