

FARMERS REALTIME BILLINGSM

Streamline your Workers' Compensation payments

An integrated payroll and Workers' Compensation policy by Farmers will be simple and cost-effective for your business. This Pay-As-You-Go solution links your payroll directly to your workers compensation premiums, taking the guesswork of estimating annual payrolls out. Premiums are billed on the basis of your actual payroll checks. Payroll is automatically reported by your payroll provider and premium collected per pay period, improving your business cash flow and reducing your exposure to large audit balances due at the end of the policy's term. This payment solution also means no longer having to make a substantial down payment to start a policy.
