Flore des Serres et des Jardins de l'Europe (Flore de Serres) was produced over several years during the mid to late 19th century. The illustrations were considered one of the best examples of horticulture. It was noted for fine hand-finished engravings and lithographs depicting and describing botanical flowers from around the world. The founder of Flore des Serres was Louis van Houtte and was it edited with the assistance of Charles Antoine Lemaire and Michael Joseph François Scheidweiler,

Vases are a traditional and classic Greek vase style called Lekythos. The Lekythos vase was used to store and pour wine in ancient Greece. The ceramic vases are handmade and painted in Greece using the similar clay and techniques of the ancient Greeks.

Fine Art Prints are produced using the Giclee printing method and both a text print and a print with a background are both available together. Mats and frames are optional.

For collectible value the ceramic vases and vase prints are limited to 1,000 copies each. Vases are copyright protected and registered with the United State Patent and Trademark Office (USPTO).
