

JANUARY 25, 2026

ELEVATE AI

Join us for an engaging workshop exploring how artificial intelligence is transforming pharmacy—from clinical decision-making to educational innovation. Learn how to integrate AI into practice and teaching, navigate ethical challenges, and develop best practices for responsible implementation.

Workshop Objectives

Describe current and emerging uses of AI in pharmacy practice

Discuss strategies for integrating AI in precepting and education

Apply ethical and practical considerations of AI in pharmacy

When: Sunday, January 25, 2026

Location: The Charter in Beaver Creek

Cost: \$75 (conference add-on); stand alone attendance \$100/member, \$150/nonmember
