

Outbound Exchange to Tucson Arizona

April 12 to 19, 2013

Our outbound exchange to Tucson, Arizona was enjoyed by all. Unfortunately our ED's Jack and Willie Cox were unable to attend due to health issues that developed just before the exchange. Nevertheless all of their groundwork, Andy Cooper stepping in as a last minute substitute ED and a very hospitable Tucson Club made for a very interesting and enjoyable exchange right from the welcome reception featuring a very talented Mariachi Band . Other highlights included fascinating visits to the Pima Air & Space Museum, the Desert Museum, Kartchner Caverns, and the Biosphere. Most exchanges seem to include some unexpected adventure. On this exchange it turned out to be the majority of our ambassadors and some of our hosts becoming caught for some time in a stalled elevator on our visit to City Hall.
