## Recording and reporting of accidents and incidents Policy

### Safeguarding and Welfare Requirement: Health

Providers must keep a written record of accidents or injuries and first aid treatment.

### Policy statement

We follow the guidelines of the Reporting of Injuries, Diseases and Dangerous Occurrences Regulations (RIDDOR) for the reporting of accidents and incidents. Child protection matters or behavioural incidents between children are not regarded as incidents and there are separate procedures for this.

### Procedures

#### ***Our accident book:***

- is kept in a safe and secure place;
- is accessible to our staff and volunteers, who all know how to complete it; and
- is reviewed at least half termly to identify any potential or actual hazards.

#### ***Pre-Existing injuries***

- If a parent informs a member of staff about a pre-existing injury it must be recorded on the child's arrival into Pre-School and parents sign the form before departing
- They are also recorded as soon as possible when the injury is noticed by a member of staff, parents are called to ask how the injury happened and this is also recorded onto the form. Parents/carers must then sign the form on collection of the child.
- Once forms are fully completed they are added to the completed file or if the child is in our low or high level safeguarding files, they are to be kept in their individual files.

#### ***Behavioural incidents***

- Are to be recorded on an incident form, which must also be signed by parents on the day of the incident.
- Types of behaviour that must be recorded include; biting, aggression towards other children or staff, significant injuries to themselves, peers or staff members, throwing of equipment etc.
- Are reviewed at least half termly to identify any further work including behaviour support plans, individual risk assessments or reasonable adjustments that need to be made to protect all the children and staff at Pre-School.

## ***Reporting of accidents and incidents***

- Ofsted is notified as soon as possible, but at least within 14 days, of any instances which involve:
  - food poisoning affecting two or more children looked after on our premises
  - a serious accident or injury to, or serious illness of, a child in our care and the action we take in response
  - the death of a child in our care
- Local child protection agencies are informed of any serious accident or injury to a child, or the death of any child, while in our care and we act on any advice given by those agencies.
- Any food poisoning affecting two or more children or adults on our premises is reported to the local Environmental Health Department.
- We meet our legal requirements in respect of the safety of our employees and the public by complying with RIDDOR. We report to the Local Authority (LA). Please note that providers on school premises or domestic premises report to the Health and Safety Executive (HSE):
  - Any work-related accident leading to an injury to a member of the public (child or adult), for which they are taken directly to hospital for treatment.
  - Any work-related accident leading to a specified injury to one of our employees. Specified injuries include injuries such as fractured bones, the loss of consciousness due to a head injury, serious burns or amputations.
  - Any work-related accident leading to an injury to one of our employees which results in them being unable to work for seven consecutive days. All work-related injuries that lead to one of our employees being incapacitated for three or more days are recorded in our accident book.
  - When one of our employees suffers from a reportable occupational disease or illness as specified by the HSE.
  - Any death, of a child or adult, that occurs in connection with a work-related accident.
  - Any dangerous occurrences. This may be an event that causes injury or fatalities or an event that does not cause an accident, but could have done; such as a gas leak.
  - Information for reporting incidents to the Local Authority or Health and Safety Executive is provided in the *Reporting Incidents Record*.

## ***Incident book***

- We have ready access to telephone numbers for emergency services, including the local police. Where we rent the premises from Nazeing Primary School we ensure we have access to the Site Manager telephone number and that there is a shared procedure for dealing with emergencies.
- We ensure that our staff and volunteers carry out all health and safety procedures to minimise risk and that they know what to do in an emergency.
- On discovery of an incident, we report it to the appropriate emergency services – fire, police, ambulance – if those services are needed.

- If an incident occurs before any children arrive, our Manager or Deputy Manager risk assesses this situation and decides if the premises are safe to receive children. Our Manager or Deputy Manager may decide to offer a limited service or to close the setting.
- Where an incident occurs whilst the children are in our care and it is necessary to evacuate the premises/area, we follow the procedures in our Fire Safety and Emergency Evacuation Policy or, when on an outing, the procedures identified in the risk assessment for the outing.
- If a crime may have been committed, we ask all adults witness to the incident make a witness statement including the date and time of the incident, what they saw or heard, what they did about it and their full name and signature.
- We keep an incident book for recording major incidents, including some of those that are reportable to the Local Authority or Health and Safety Executive as above.
- These incidents include:
  - a break in, burglary, or theft of personal or our setting's property
  - an intruder gaining unauthorised access to our premises
  - a fire, flood, gas leak or electrical failure
  - an attack on an adult or child on our premises or nearby
  - any racist incident involving families or our staff on the setting's premises
  - a notifiable disease or illness, or an outbreak of food poisoning affecting two or more children looked after on our premises
  - the death of a child or adult
  - a terrorist attack, or threat of one
- In the incident book we record the date and time of the incident, nature of the event, who was affected, what was done about it or if it was reported to the police, and if so a crime number. Any follow up, or insurance claim made, is also recorded.
- In the event of a terrorist attack, we follow the advice of the emergency services with regard to evacuation, medical aid and contacting children's families. Our standard Fire Safety and Emergency Evacuation Policy will be followed and our staff will take charge of their key children. The incident is recorded when the threat is averted.
- In the unlikely event of a child dying on our premises, the emergency services are called and the advice of these services are followed.
- The incident book is not for recording issues of concern involving a child. This is recorded on an incident form and kept in the completed forms file.

## **Education Inspection Framework**

- As required under the *Education Inspection Framework*, we maintain a summary record of all accidents, exclusions, children taken off roll, incidents of poor behaviour and discrimination, including racist incidents, and complaints and resolutions.

## Legal framework

- Reporting of Injuries, Diseases and Dangerous Occurrences Regulations (RIDDOR) 1995 (As Amended)
