

BUILD THE FUTURE: PARTNER WITH US!

Seeking Local Contractors for Student Training & Mentorship

Are you a local contractor looking to give back, find future talent, or help a student start their career? We are looking for industry professionals to partner with our vocational program to provide real-world experience for students.

How You Can Help:

Job Site Placement: Host students on-site for hands-on training while they complete their course.

Mentorship Opportunities: Volunteer your time to guide and inspire the next generation of tradespeople.

Community Service Credits: Your projects can provide students with vital community service hours required for graduation or certification.

Why Partner With Us?

- **Build Your Pipeline:** Evaluate potential future hires while they learn your specific standards.
- **Give Back to the Community:** Shape the local workforce and share your expertise.
- **Flexible Commitment:** We offer various levels of involvement, from one-time mentorship talks to ongoing site placements.

GET INVOLVED TODAY!
