

# Refresh Your Space for Free This Summer!

Support the next generation of tradespeople while updating your home in Mount Pleasant

The Building and Construction Initiative is seeking homeowners in the Mount Pleasant area of Cleveland for our Summer 2026 training session.

Get your light cosmetic repairs done at no cost to providing vital classroom for our enrollees to develop their skills.

## Services Offered

- **Drywall Repair:** Patching, crack repair, and surface prep.
- **Interior Painting:** Refreshing walls, trim, and ceilings.

## How It Works

**Target Area:** This program is specifically serving the **Mount Pleasant neighborhood** East Side Cleveland.

**You Provide Materials:** Homeowners supply the paint, primer, and drywall supplies.

**We Provide Labor:** Our participants perform the work for free as part of their vocational education.

## Professional Standards & Safety

Quality and safety are built into our curriculum. Every project includes:

**OSHA Compliance:** Strict adherence to safety standards, including fall protection and expert tool handling.

**RRP Certification:** Trained in Lead-Safe Renovation, Repair, and Painting practices.

## *A Note on the Learning Process*

This is an educational program. Because our student contractors are in the training stage, results are not guaranteed and the final look may vary. By participating, you are acknowledging that the outcome reflects a student's learning progress rather than a commercial contractor's finish.
