 RE: **Provider Bulletin Announcement & Carve Out Services**

Universal Healthcare IPA (UHC IPA) is looking to continuously improve communication with our network providers. In doing so, we are rolling out our **UHC IPA Provider Bulletin** containing pertinent information related to the network such as health plan updates, State and Federal Regulations and Guidelines, etc.

So, we are kicking off with Bulletin No.1 which addresses some of the carve out services and State community programs for your members. As mentioned, these are carve out services; therefore, *not* UHC IPA nor Health Net risk and are important to share with patients, as appropriate.

For a comprehensive list of these services, who’s covered, and where to get more information - please go to the UHC IPA website www.universalhealthipa.com, click on For Providers, Reference Materials, and then scroll down to Other Provider Resources and click on *Carve Out and Community Services State Programs List*. Here, you will have a complete list of Carve Out Services and additional Community Programs.

Example of some of the Carve Out Services for members are below:
