

SciTech Band Guitar Curriculum Plan

Goals:

- Each class day, keep a record of what you practice and any videos you watch/resources you browse. Share this info with the band teachers each day/week.
- Move through your **Band Karate Guitar Belt Levels** (as posted on the Band Karate webpage, also in the front of the band room). Set mutually agreed upon belt level goals with the band teachers.
 - *Exp. Complete all WHITE, YELLOW, and ORANGE belts by the end of May.*
- Learn guitar parts for 12 Bar Blues, Canon Remix, C Minor Groove, and Tempest by the end of May.

Helpful tips:

- Ask for help from the band teachers and IGNITE mentors and other guitar players when you need it!
- Use Google!
- Look up songs that YOU like and want to learn!
