

One-Page Investor Summary

Talk To The Hand is a family-centered digital platform built to make online life safer, calmer, and more connected. Designed in Arkansas and created for families everywhere, The Hand brings together communication, safety tools, daily routines, and community support into one emotionally safe experience.

The Problem

Families are overwhelmed by chaotic, ad-driven platforms that weren't built for children, parents, or community life. Schools and neighborhoods lack simple tools that support connection without noise or risk.

Our Solution

A calm, family-first platform that integrates messaging, routines, appointments, kid-safe modes, positive-reinforcement tools, and community Spaces — all built with emotional safety and clarity at the center.

Why We Win

- Emotionally safe by design
- Kid-ready from day one
- Community-centered tools
- Scalable ecosystem (Spaces, Tokens, The Hand Store)
- Arkansas-first innovation with national potential

Market Opportunity

Families, schools, and communities everywhere are actively seeking safer, simpler digital tools. The Hand meets a universal need with a differentiated, trust-driven approach.

Status

Incorporated January 2026. Product development underway. Preparing for partnerships, fundraising, and public launch.
