NORTH CAROLINA DISASTER SYMPOSIUM

2025

NORTH CAROLINA DISASTER SYMPOSIUM

March 25-26, 2025

NEW BERN CONVENTION CENTER

The overarching goal of the North Carolina Disaster Symposium is to foster a resilient healthcare system in North Carolina by bringing together key stakeholders and professionals from hospitals, EMS, emergency management, public health and other healthcare providers in a collaborative symposium focused on disaster preparedness. Through shared knowledge, innovative strategies, and strengthened partnerships, we aim to enhance coordination and response capabilities, ensuring the safety and well-being of our communities in times of crisis.

We aim to provide a platform that allows for evidence-based discussions of best practices that address state and national trends in health and medical disasters, empowering attendees with the tools and insights needed to effectively prepare and respond to evolving threats.

We want to thank you and your company for your support for the North Carolina Disaster Symposium. We appreciate all of our vendors and the sponsorships that they provide.
