How To Stream FOS TV Services?

To stream FOS TV services, you need a compatible streaming device such as a Fire Stick, Fire TV and most Android 5 or higher devices that are connected to 25 Mbps or higher Internet speed. We recommend using a RubixHub 4k Streaming device. Visit them at www.rubixhub.com and enter **Dealer Code D552** for additional details and discounts when ordering FOS TV services. RubixHub devices have been engineered to deliver an excellent streaming experience.*

*Some restrictions may apply. Local channels are not available in all areas. FOS TV requires a compatible streaming device for each TV to receive service with internet speeds of 25 Mbps or higher. If additional TV devices are added, up to 4 additional devices per account, a \$5.00 per month per device charge applies but only 3 devices can stream Live TV at the same time. FOS TV streaming services work on Fire Sticks, Fire TVs and most Android 5 or higher devices. These devices may not be support by FOS TV or RubixHub technical support. There is a one-time\$49.99 account activation charge. This fee will allow you up to 5 devices to activate on your account. In addition, you will be provided detailed instructions on how to install FOS TV on your customer owned devices. All RubixHub devices and FOS TV services come with a 7 Day Money Back Guarantee. Please contact your sales agent for additional details.
