

Spot Off

Foaming Carpet Cleaner and Deodorizer

This product tackles spots, stains, and odors through a dual-action approach. First, it uses a unique chemical system that dissolves and lifts embedded debris. Second, it employs enzyme-producing bacteria to break down organic residues, effectively eliminating stains and odors. It works on various spots, including coffee, milk, wine, blood, vomit, urine, feces, and more.

Directions: Spray the carpet from about 24 inches away. For best results, first dampen the stained area with a wet sponge or cloth. Then, spray the foam over the entire spot. Allow Spot Off to penetrate the carpet fibers, then gently rub the area with a damp sponge or cloth. For persistent stains, repeat the process. For severe organic stains and odors, cover the foam with a damp towel to keep the area moist, which helps the enzyme-producing bacteria work more effectively.

Note: Always test the product on a hidden area before applying it to the stained surface.

Availability:
12 x 500 ml bottles
12 x 1 litre bottles
4 x 4 litre jugs
