

GTS

*Multi-Strain Spore-Based Drain, Stack and **Grease Trap System** **WITH DIGESTERS***

GTS: A Powerful, Improved Solution

Introducing the new and improved G T S, now more powerful than ever. This advanced solution is crafted from specially selected bacterial strains and fortified with free enzymes through a proprietary process. These enzyme catalysts work synergistically to deliver the fastest action available in a liquid digestant, utilizing nature's own cleaning agents.

GTS features a unique blend of specially adapted Bacillus organisms, designed for accelerated degradation of organic compounds such as grease, fats, oils, proteins, starch, carbohydrates, cellulose, and sugars.

Benefits:

Multi-strain blend: Includes 3 adapted Bacillus strains and 7 sub-strains to ensure the breakdown of all organic soils.

High bacterial concentration: Guarantees reliable and quick digestion of waste.

Facultative microorganisms: Perform efficiently in both oxygen-rich and oxygen-poor environments.

Free enzymes: Ensure the fastest digestion available.

Stability and shelf-life: 24 months from the date of production.

Non-toxic, biodegradable, and non-pathogenic: Safe for use and environmentally friendly.

Certified Salmonella-Free: Ensuring safety.

Pleasant apple fragrance: Leaves a fresh scent.

Typical Properties:

Appearance: Cloudy, green liquid

Fragrance: Green apple

pH* 6.5

Specific gravity: 1.00-1.10

Shelf Life: 24 months

Bacterial count: >90 billion/litre

Availability:

12 X 1 Litre Bottles

4 X 4 Litre Jugs

20 Litre Pail
