

VANISH MOULD CONTROL

Mould & Mildew Stain Remover

**3 in-1 Performance
Cleaner
Deodorizer
Blocker**

VANISH MOULD CONTROL offers a 3-in-1 solution for stains caused by mould & mildew. First it cleans by penetrating quickly to dissolve oils and dirt to then get tough on the stain, without causing damage to the surface. Second, it deodorizes by neutralizing lingering odours caused by mould & mildew, leaving a residual fresh, clean fragrance. Third, it continues to block the recurrence of stains. Thickened formula sticks to vertical surfaces and is ideal and safe for hard and soft surfaces including fabrics, vinyl, awnings, outdoor furniture, tile, grout, shower stalls and doors, tubs, plastics, and fiberglass.

Vanish Mould Control is 95% biodegradable.

DIRECTIONS :

Spray onto surface to be treated and let soak for 5-10 minutes. Scrub lightly with a soft bristle brush and rinse thoroughly with fresh water. Stubborn stains may require a second application. Avoid prolonged contact or drying on the surface.

Test in an inconspicuous area before using. Do not use on dyed or delicate natural fabrics, wood, or painted surfaces.
