

Citrus Gold

Biodegradable

Multi - Purpose Cleaner/Degreaser

CITRUS GOLD is a very powerful and versatile cleaner. Although it is tough on grease and dirt, it cleans without strong caustics, phosphates, harsh chemicals or solvents. It is the "environmentally friendly" cleaner for all hard surfaces.

CITRUS GOLD is an effective general-purpose cleaner for floors, walls, garbage rooms, garbage bins, greasy equipment, etc. This safe cleaner is especially effective on metal parts and machinery.

CITRUS GOLD can be used at full strength for heavy duty cleaning. For general and light duty cleaning it can be diluted up to as much as 50:1 with water, depending upon the nature of the surface and the amount of dirt to be cleaned. For most coil cleaning applications, a 15:1 dilution is suitable. Rinse well after use.

Being biodegradable, **CITRUS GOLD** is the environmentally responsible choice for all your cleaning needs.
