

SATIN FINISH

SATIN FINISH removes grease, dirt and fingerprints and forms an invisible, anti-static protective shield which repels fingerprints, dust and dirt on hard surfaces and leather and vinyl furniture. Surfaces remain clean longer.

Benefits:

More attractive appearance
Reduced cleaning effort and time
Reduced cleaning frequency
Easier cleaning

Applications:

Leather and vinyl furniture
Wood (can be used as a furniture polish)
Car interiors (leather and vinyl surfaces)
Stainless steel, brass, chrome and other metals
Enamel surfaces
Countertops
Tabletops
Porcelain

*Apply **SATIN FINISH** to surface that is free of oil, wax and grease. Spray on and then wipe off with a soft cloth or paper towel.*

Note:

Avoid using or spilling onto floors as **SATIN FINISH** will make them very slippery. Remove with a strong general purpose cleaner and water.
