AREAS OF MINISTRY

▶ DIVINE HEALING Prayers

Lord has been using us to take His saving message through this ministry of supernatural healing. Since 1994.

From local churches to mega crusades for 5000 plus attendees, The Lord has used this ministry to reach nations like India, Malaysia, Singapore, United Kingdom and United States.

Lord has also used this ministry as a tool to bring about revival in churches across the globe.

Evangelism

Christian Persecution.

- ▶ At the outset of G.G.M Ministries, founders of our ministry were persecuted by the local mafia groups, being beaten, Holy Bible burnt, thrown out of the city and threatened to be killed. There was no support from the government agencies or any other organisations thus Church and the members went through severe life threatening situations.

Now, The Lord has lifted the standards. Our Founder / Chairman Dr. Ashok Karkera has been honoured with the office of District Vice President of A.I.C.C (All India Christian Council) association that is fighting against Christian persecution. With total growing membership of 400+ pastors the association has government agencies, police and army at their disposal at any given time of need.
