

Transcript of my conversation on TikTok with @Underthedesknews in March of 2023.

Underthedesknews

Hold on now. I was just finishing my live and I saw you were live and I was like, let's see if we can get pastor Sarah in here!

Sarah

That's awesome. And I'm shaky because we have a dog that's misbehaving.

Underthedesknews

Yeah. If you guys don't follow @disorganized.religion she's a progressive pastor who is talking about the impact that a TikTok ban would have on online ministries and how that is unconstitutional. And so we're chatting from all angles.

Sarah

It would be.

Underthedesknews

Yeah, we can't be burning down online churches.

Sarah

Yes, please keep us open well. Our church is different, right? Because it's interfaith and like atheists get to come to hang out we get to talk about current events and I was just telling people to follow you if they're not, because of the Tennessee stuff

Underthedesknews

Oh my gosh, I know. We're gonna walk around my house for a second because Little is so hungry and she's like, yelling at me. I honestly say there was so much news tonight. I was like, I can't make videos I have to just go live because I don't know what else to do

Sarah

I'm sad it was just too much. Do you post your lives somewhere else? Like do you have a Patreon or somewhere where people can watch them later?

Underthedesknews

I am working on a Patreon I've kind of had this idea that I want everything to not be behind paywalls and I still want everything to not be paywalls so we're working on like, what would extra content look like? Is that where I should put a newsletter stuff like that? So I have a YouTube channel I might repost all the lives to it just funny because when you get gifts that when you repost the live like the live shows with like all your goofy little hats and stuff. This is Little—we're making her like obviously it's like fresh potatoes and vegetables and hamburger and vitamins because she's the best girl.

Sarah

You are the best dog parent. Aw.

Underthedesknews

She'd be spoiled. This dog has never known one day of pain in her life and she never will. What are you up to tonight? Are you going to be going live?

Sarah

Well, I was just going live. I'm probably finishing up because my dog has decided...so we just welcomed asylum seekers that are staying in the...on the first floor of the church from Colombia but one of the asylum seekers happens to be three years old and they had to leave their pet dog when they left Columbia and so they are in love with Mango and it is totally mutual. And so occasionally I'll go live and around this time the kid comes back from you know running errands with mom and dad. So Mango throws a fit because she wants to go play with the kid.

Underthedesknews

Yes, okay, well go play have fun thanks for follow cool.
@disorganized.religion She's doing the best.

Sarah

And those folks on mine - make sure that you download the V Interesting podcast. It is the best source of news. Put it on automatic downloads. I am. It's my favorite new podcasts.

Underthedesknews

Oh good. Good. Thank you for really my friend.

Sarah
