

## WHY 'SHALOM'

In the Christian Hebrew Bible, Shalom means peace with others, peace between parties.

Here at Shalom our mission is to offer "peace" of mind when it comes to the housing needs of seniors by providing affordable long-term rental agreements.

The fruit of the spirit is love, joy, shalom, patience, kindness, goodness, faithfulness, gentleness, self-control.  
Galatians 5:22-23

# SHALOM SMALL HOMES KEMPTVILLE

## PROBLEM STATEMENT

---

Many seniors over 55 suffer from an increasing inability to meet the rental costs of their homes, which they have lived in for years. The distress and hurt this causes is unimaginable.

## OUR MISSION

---

Shalom Small Homes Kemptville desires to relieve poverty by building sustainable small homes that will provide residential accommodation below market rate for people over 55 years of age who are in need. This will be provided on the basis of affordable long-term rental agreements.

## OUR GOAL

---

This project will be achieved through the involvement of Kemptville and surrounding communities. The houses will be built with the help of volunteers from the community. Materials and the cost of materials will be raised through individuals and businesses who share the same Mission as SSH.

## VOLUNTEER OPPORTUNITIES

### ADMINISTRATION

Volunteer needed for organization, research, marketing and web design

### BUILDING HOMES

Share your skills in the construction phase and on site support aid.

## APPLICATIONS FOR UNITS

If you are over 55 and struggling to make ends meet; fill out application on our web site.
