Oh No!

Ice Cream

I love ice cream! Everything about it is awesome.

I love the toppings. Like you can put on chocolate sprinkles on chocolate ice cream or on mint ice cream too. Strawberry ice cream is also yummy and it is probably my favorite. I sometimes put gummy bears on my ice cream.

Ice cream has endless flavors. There's French vanilla, cookie dough, cookies and cream, and so much more. Once it took me 15 minutes to choose a flavor. I chose cookie dough but it wasn't that good. I wished I had chosen the chocolate chip ice cream. But chocolate syrup is way better on vanilla ice cream.

There are so many toppings you can put on ice cream! So many sweets! Once me and my cousin went to Hagen Das and my cousin just got toppings and no ice cream. We laughed and laughed and my dad rolled his eyeballs. He looks funny when he does that. I ate so much I felt sick.

That's why I love ice cream so much.
