### Introduction Paragraph

#### Jim Crow Laws

"We've come a long way from the days of Jim Crow, and yes, we elected a black president, but racism lives." What is Jim Crow, you say? That's a short question with a long, long answer. Bottom line, it was a huge group of laws that were designed to keep black people away from white people. These laws were found everywhere in the United States, but the most extreme examples happened in the southern states. The Jim Crow laws were glaring examples of racist laws that were created by white people who felt that they were superior to black people and did not want black people to have the same rights as white people. Jim Crow laws created unfair social rules between black people and white people. Jim Crow laws made it almost impossible for black people to vote. Jim Crow laws kept black and white people apart in public places.
