

Math Facts Practice

Name: _____

Instructions:

- Your goal is to be able to accurately complete a math facts quiz of 100 problems as fast as you can. (up through 10s)
- Now that you know your facts, it is all about speed.
- To practice, you need to print out a page with 100 problems and have someone time you while you write down the answers.
- Do this twice each night.
- My goal is 100 problems in _____ minutes.
- This practice sheet is due on Monday.
