Math: Lesson 9.7

Reading: Study for Final Thoughts/get signature

Fri.

NOTHING! After all, we are starting vacation!!!

Because of the test

We will be studying all week for the Final Thoughts test.

Because of this, there will be no:

- ☀ **Word Power**
- ☀ **Word Hunt**
- ☀ **Spelling**

Need a Protractor

We will be starting geometry soon. it will be important to have a protractor. Not all protractors are the same.

Some are much easier to use. Check the back of this for some pros and cons when choosing a protractor.

Book Club Final Thoughts

We have finished our Book Club books!

That means this week we will be preparing for the Final Thoughts test on Friday. We will spend time each day preparing together for the test. I will also meet with each book club daily to provide help and feedback.

On the Test Support website page there is a link for Final Thoughts Book Club. As always, the format of the test remains the same. No surprises! The 4 parts will be: 4 boxes, plot map, how a character changes, and theme.

Each day we will write what our study evidence is in our agendas. You will need to do this daily, and you will need a parent signature Monday through Thursday to verify that you studied for at least 30 minutes each evening.

The test will be on Friday morning.

Got Rocks?

We are back to collecting rocks! Please have 2 new rocks by Friday. Remember to ask me for help just in case you have a "twin" of another rock. Did you find any rocks last week randomly? LOL!

Starting Pioneer!

This week we will be introduced to our new pioneer identities and join a wagon train, heading to California! We are going to have NEW names! Get ready for some FUN! Hooray!
