Social Studies: Study for the Missions Test

Math: Lesson 9.3

Reading Log: Check reading contract

### Fri.

Math Facts

**Reading Log Signatures WILL BE CHECKED ON MONDAY.**

## Got Rocks?

We are super busy this week with book club and the Mission Test. So we are taking a break from Rock Hunting! **Whew!**

## Because of the Test

- ★ No Word Power
- ★ No Word Hunt
- ★ No Spelling
- ★ Less math

## Book Clubs

We are reading the 4th "chunk" for our Book Clubs this week. Please check your reading contract in your reading binder.

### IMPORTANT!

I always embed time during class to read and get ready for book clubs. Because we are studying for the missions test, I will try hard to make sure we have **extra** time this week to get it done. Whew!

## Missions Test

The Missions Test is on Friday. Use your Study Guide to help you study.

Study help is provided on our website so check it out. Also, study time will be provided in class so make sure you bring your study materials to school each day. **Make sure you get a signature every night to verify you studied. (Lack of signature will count as homework not turned in.)** Each day you will also need to bring your evidence that you studied. We will be writing the day's evidence in our agendas daily.

## Open House!

Can you believe it is almost time for Open House?! And...we are changing the time. We will be inviting you to join us/drop in on **Wed. April 10, from 8:15 - 9:15 AM.**

You can drop in any time within that time slot. **Mark your calendars!**
