Math: Lesson 10.5

Thur.

Math Facts & Word Power

Reading: Check agenda/reading contract

Math: Lesson 10.6

Fri.

Math Facts

TURN IN READING LOGS

No Spelling Words or Word Hunt. Yippee!

Jog-a-thon

A packet that explains how we are doing the jog-a-thon this year went home today. The school also sent information via Parent Square. Please reach out to friends and family for their support. Then, on April 22nd we will all jog as many laps as possible. There will be prizes awarded Top 5 joggers per class, most laps per grade level, most money raised...and more! Let's go!

Book Club

We finished our Final Thoughts!

Today we are starting a new book!

The reading contract will be going home tomorrow. Meanwhile, we will all write the Monday reading in our agendas.

We will work on our jot dots as usual.

Make sure to talk with each other and make sure you're done by Wednesday evening.

REMINDER: If you don't finish your daily jot dots assigned at school, it is officially leftovers. And at school on Thursday we will decide Top 4 together and write our post-its. And the book club meetings will be on Friday.

Got a Protractor?

Let me know if you need a donation. Eren's dad sent in extra to help out! Wow!

Got Rocks?

Everybody should now have a nice collection of rocks! This will be our last official week of collecting rocks.

If you have at least 12 rocks total you need 2 more.

However, if you have less than 12 rocks, you need to get enough to equal 14.

These are due Friday.

However, since it is vacation next week, I **will accept rocks on the Monday we return.** Getting it done beforehand is probably a better idea. This week we will start identifying our rocks. Woo hoo!
