**TURN IN READING LOG MONDAY!**

## Book Clubs

This week we are reading our "second chunk" for book clubs. We are continuing to focus on "under the ocean" thinking. **Because of the short week and CAASPP, we will continue with how we did last week's Reading Log.** We will not have our Top 4 meeting and the post-its will not be required.

**We WILL have our Book Club meeting on Friday.** And the After We Met will be done and turned in on Friday. Time will be provided in class to work on reading and jot dots. Instead of the Top 4, everyone will highlight the 4 jot dots that they think are important in this week's chunk. This is what we will discuss on Friday during Book Club. If you don't finish your jot dots at school, it is considered homework. Please make sure you are ready for Book Club.

## CAASPP Test

We will be continuing to take the CAASPP test **THIS WEEK on Tuesday and Wednesday.**

As a reminder, this test is untimed. Any missed tests will be made up at school.

Also, make sure not to forget ear buds or head phones at home.

Thanks so much for trying to avoid missing school in the mornings or being tardy.

**Please continue to get a good night's sleep and eat a healthy breakfast.**

**We are almost done! Hooray!**

## WRITING FYI

We have been been working on our information essay. We have finished the introduction and our 1st supporting paragraph. This week we should finish our 2nd supporting paragraph. Hopefully all the work can get finished at school and won't become homework. To see examples for all these paragraphs, check out my model on the website.

## Because of CAASPP

We are still on a somewhat adjusted school day "normal schedule." All the math we do will be only done at school and what/when isn't predictable. So it's not mentioned on the weekly homework. This is true for all subjects EXCEPT FOR READING. **ALSO NO WORD POWER, WORD HUNT, OR SPELLING FOR THE SAME REASON.**
