## FIRE & BURGLARY

The Brawn® VULCAN SERIES offers an ingenious design offering all the security features of a Burglar Safe and the peace of mind achieved with a fire safe

RSC

### Fire & Burglary FB Series Common Features

- 3-3/4" Thick door consisting of 1/4", and two 1/8" thick steel plates with 2" of fire insulation
- 2" Thick body consisting of 1/8" thick, inner and outer steel plates with 1-3/4" of fire insulation
- One recessed bolt down hole with cover and Bolt down hardware included
- Tempered glass relocking and spring loaded devices
- Heavy duty solid steel block ball bearing hinges
- **Class 350 degree, 105 minutes fire MFG label**
- In tumescent door seal when exposed to high temperature expands to as much as 8 times its thickness
- 3 mm V shape harden Anti-drill steel plate to protect side punch attack to the bolt works
- Supplied with UL Group II combination or electronic lock
- Comes standard with your choice of Securam Electronic lock or Dial Combination Lock

#### HS-2214

Many of the same features as the FB series, however because of its compact size the bolt works are smaller and there is no glass relocker
