

# Transition Training Walkthrough: G6 to G7

1 Navigate to <https://cirrusaircraft.com/>

This guide is for pilots who have completed training in a Cirrus G6 aircraft and would like to fly Cirrus G7.

This course is only for changing the generation (G6 to G7) and not the model.

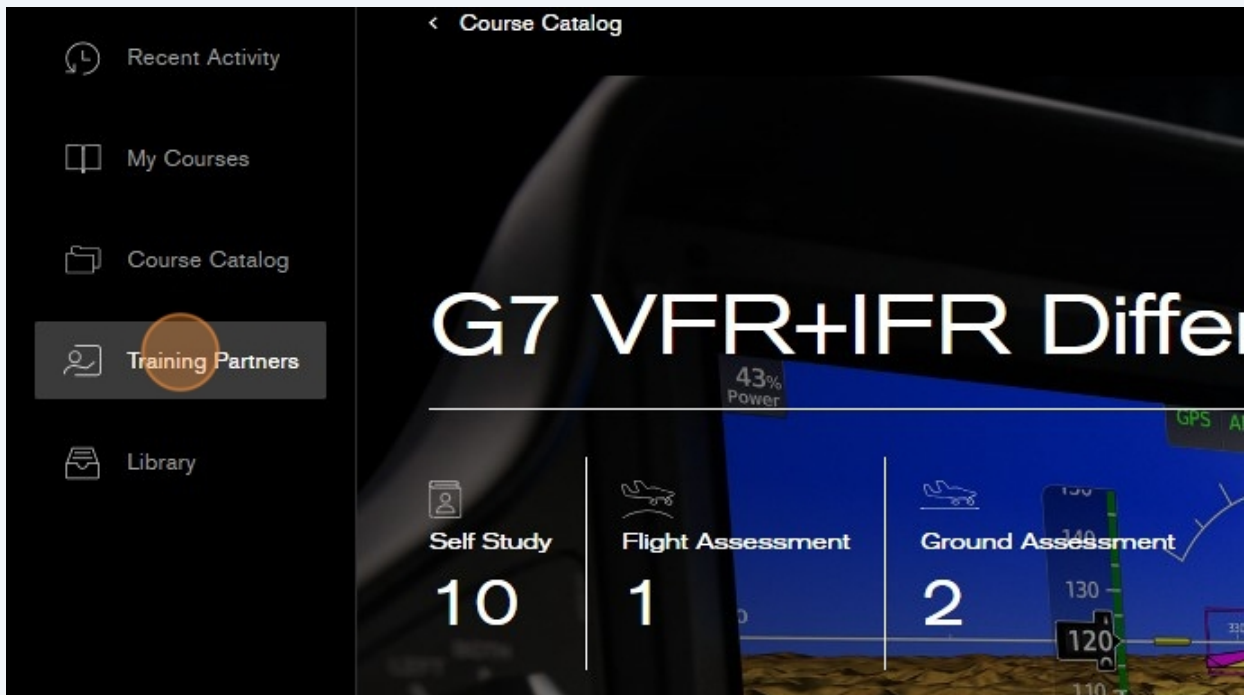

If changing between a SR20 (G6 or G7) and a SR22 (G6 or G7) please use the Airframe and Powerplant transition course.
