Sheboygan Area School District was the county's only district to have a system-wide closure, despite the schools being in 20 separate buildings.

Our school board continued to support a prolonged shutdown at the expense of our children's mental health.

For School Board

**VOTE FOR OUR CHILDREN'S FUTURE!**

**Our SASD Kids Need Your  
Vote!**

**Checolinski, Versey,  
& Fick**

**For School Board**

These three candidates stand for the same thing.

- They want kids educated 5 days a week, with an in-person and virtual option.
- They want the administration held accountable for performance.
- They want teachers to have what they need to be safe.
- They want the SASD Board Members to improve internal coordination of ideas and resources.
- They want SASD Board to establish a plan to get kids caught up and make sure programming is working.
- They want a detailed analysis of performance, including why over 1000 students of all ethnicities have left SASD since 2016.

**We can accomplish all of these with  
the right board!**

# Katie Checolinski

I'm a 33-year-old Supply Planner at Sargento. I forecast/manage inventory for our top customers. I earned my MBA while working full time and having both my children.

Before Covid, my husband and I enjoyed backyard campfires with our friends and neighbors. Our family belongs to Ebenezer United Church of Christ in Sheboygan, and we donate to the Family Resource Center of Sheboygan County and Safe Harbor House.

I was raised on a dairy farm in NE Wisconsin, participated in 4-H, was a state officer for Future Business Leaders of America (FBLA), and played TAPS for military funerals. I met my husband while attending UW-Whitewater, where I majored in General Business-International Emphasis.

While in college, I held an internship with the United States Department of Agriculture (USDA) at their foreign office in Beijing, China, and spearheaded an undergraduate grant research project into Ireland and Scotland's international cheese markets.

# Rebecca Versey

I am a 45-year-old single mother of 5 beautiful children (20, 18, 16, 14, and 11), born and raised in Sheboygan. Five children brings diversity, challenges, extreme joy, love, and many sporting events and clubs. I am passionate about education and life and am currently a two-time breast cancer survivor.

I have worked as a Critical Care Paramedic at Orange Cross Ambulance Service in Sheboygan county for 22 years. My occupation isn't just a job; it's love, passion for caring, and constant learning. The world can be cruel but simple gestures like a conversation and holding a hand can make an enormous difference. For the past 16 years, I have also been an adjunct instructor at Lakeshore Technical College in Emergency Medical Services.

In 2017 I was blessed with an opportunity to go on a mission trip to Arusha, Tanzania. We spent ten days teaching 34 local people how to set up a prehospital system from the ground up and become First Responders.

I am 32 years old and my house is jam-packed with our blended family of seven. My wife and five beautiful kids are my inspiration for running. I am a lifelong resident of Sheboygan and attended public schools as a child. My children also attend SASD public schools. I try never to miss attending any of my children's sporting or school events. I love their smiles more than anything on this planet, which has been remarkably lacking the last year.

I have worked at Professional Supply for 20 years and enjoy spending time with my kids. You will find us hiking, dancing, and enjoying the outdoors whenever we can. I believe our children must learn to love and take care of nature, our environment and have respect for our planet.

I am running to make sure our children do not fall further behind. I need our kids to be in school full time, even during the pandemic like so many other schools. I will ensure make sure our children and educators have the tools necessary to make them successful.
