P: (215) 443-7500 F: (215) 443-7573

DuRa Pipe™ - Enhanced epoxy coated cast iron pipe & fittings for aggressive applications. Made in the USA.

Backflow preventers, control valves, in-building risers and strainers for the commercial fire protection market

Stainless steel pipes, floor drains, Shower drains

Flexible stainless steel connectors for natural gas, liquefied propane gas, and a wide array of other liquids and gases

Filling stations, designers fountains, filters, purifiers and chillers.

Electronic flow sensing technology that is second to none for performance & reliability in conservation and leak protection

The world's largest supplier of strainers and the number one provider of specialty products serving the valve industry

Digital mixing valves, thermostatic mixing valves, emergency tempering valves & pressure balancing valves

Heat tracing solutions for industrial, commercial and residential applications, from frost protection of water pipes.

Lifetime guaranteed oil separators, solid interceptors and chemical waste products

Quality engineered and manufactured products that solve exhaust, ventilation and heating/cooling problems.

Specifications drains, carriers and other drainage specialties.

Gas Safety Systems and controllers for laboratories

Designs and manufactures enclosures for the irrigation, plumbing, fire, domestic water and waste water industry.

High quality commercial manual, electronic, laboratory & shower valves.

Backflow preventers for irrigation and plumbing systems

Superior-quality, engineer-specified plumbing and drainage products for the commercial building industry.

High quality commercial grade plumbing fixture trim

Acid waste and high purity piping systems

A revolutionary, engineered material and a highly specialized process combine to make PVI water heaters the most reliable

SCHIER

Lifetime guaranteed grease interceptors

Leader in the design and manufacture of self-actuating thermostatic temperature control technology

Specialty chemical sealants ; Solutions for trades serving heating, ventilation, HVAC/R, plumbing, electrical, and construction markets.

Backflow prevention products, pressure regulating devices, ball valves, plus other water system products
