

Gas Safety Systems and controllers for laboratories

Plumbing control valves and tank and trough valves for the agricultural industry and rainwater harvesting

High quality commercial manual, electronic, laboratory & shower valves.

*CircuitSolver*® balancing valve - this innovative plumbing technology automatically balances the DHWS in hotels, schools, hospitals and hi-rise construction.

Backflow preventers for irrigation and plumbing systems

High quality commercial grade plumbing fixture trim.

Digital mixing valves, thermostatic mixing valves, emergency tempering valves & pressure balancing valves.

Lifetime guaranteed oil separators, solid interceptors and chemical waste products.

Temperature Control Valves, Thermal Actuators, Safety Showers, Scald Protection and Rail Freeze Protection Valves

Engineered solutions for rainwater harvesting, storm water storage, and grey water distribution

Backflow preventers, strainers, in building risers, fabricated fittings, pressure reducing valves and grooved

Stainless steel pipes, floor drains, shower drains and channels for commercial, industrial, housing and marine applications

Complete line of food service faucets

Flexible stainless steel connectors for natural gas, liquefied propane gas, and a wide array of other liquids and gases

Filling stations, designers fountains, filters, purifiers and chillers

Enclosures for Backflow prevention assemblies, pumps, meters, control valves as well as custom enclosures.

Acid waste and high purity piping systems

Leading manufacturer of chemical specialty sealants and other related products designed for professional tradesmen.

Lifetime guaranteed grease interceptors.

Backflow prevention products, pressure regulating devices, ball valves, plus other water system products

Specifications drains, carriers and other drainage specialties
