

Gas Safety Systems and controllers for laboratories

Backflow preventers, control valves, in-building risers and strainers for the commercial fire protection market

Stainless steel pipes, floor drains, shower drains

High quality commercial manual, electronic, laboratory & shower valves.

Flexible stainless steel connectors for natural gas, liquefied propane gas, and a wide array of other liquids and gases

Backflow preventers for irrigation and plumbing systems

Filling stations, designers fountains, filters, purifiers and chillers

Leading provider of products and solutions for residential kitchens, bathrooms, the professional foodservice sector

Enclosures for Backflow prevention assemblies, pumps, meters, control valves as well as custom enclosures

Leading designer and manufacturer of condensate neutralizers

Electronic flow sensing technology that is second to none for performance & reliability in conservation and leak protection.

High quality commercial grade plumbing fixture trim

Acid waste and high purity piping systems

Digital mixing valves, thermostatic mixing valves, emergency tempering valves & pressure balancing valves

A revolutionary, engineered material and a highly specialized process combine to make PVI water heaters the most reliable

Chemical specialty sealants and other related products

Lifetime guaranteed grease interceptors

Lifetime guaranteed oil separators, solid interceptors and chemical waste products

Leader in the design and manufacture of self-actuating thermostatic temperature control technology

Quality engineered and manufactured products that solve exhaust, ventilation and heating/cooling problems.

Specifications drains, carriers and other drainage specialties

Backflow prevention products, pressure regulating devices, ball valves, plus other water system products
