

Gas Safety Systems and controllers for laboratories

Complete line of products for any commercial water heating requirements

Stainless steel pipes, floor drains, shower drains

Flexible stainless steel connectors for natural gas, liquefied propane gas, and a wide array of other liquids and gases

Filling stations, designers fountains, filters, purifiers and chillers

Enclosures for Backflow prevention assemblies, pumps, meters, control valves as well as custom enclosures

High quality commercial grade plumbing fixture trim

Digital mixing valves, thermostatic mixing valves, emergency tempering valves & pressure balancing valves

Lifetime guaranteed grease interceptors

Leader in the design and manufacture of self-actuating thermostatic temperature control technology

Specifications drains, carriers and other drainage specialties

A revolutionary, engineered material and a highly specialized process combine to make PVI water heaters the most reliable

Backflow preventers, control valves, in-building risers and strainers for the commercial fire protection market

Quality engineered and manufactured products that solve exhaust, ventilation and heating/cooling problems.

High quality commercial manual, electronic, laboratory & shower valves.

Backflow preventers for irrigation and plumbing systems

Leading provider of products and solutions for residential kitchens, bathrooms, the professional foodservice sector

Produces a wide range of highly efficient products and system components for space heating and water heating

Acid waste and high purity piping systems

Chemical specialty sealants and other related products

Lifetime guaranteed oil separators, solid interceptors and chemical waste products

Backflow prevention products, pressure regulating devices, ball valves, plus other water system products

Leading designer and manufacturer of condensate neutralizers
