

Square Sizes for Bias Binding

Directions: The cut widths given here are based on the binding seams and cut widths given on page 22. Find the chart on this page for the cut width you need and choose a square size that gives you more binding than you need. You can make two different size squares to get the proper length.

34 1/2"	yields	511"

Cut width of strip		2 1/2"
Square size		Length
16"	yields	90"
18 1/2"	yields	123"
21"	yields	162"
26"	yields	254"
28 1/2"	yields	307"
33 1/2"	yields	429"
38 1/2"	yields	571"

Cut width of strip		2 3/4"
Square size		Length
20 1/2"	yields	137"
24"	yields	186"
29"	yields	284"
32"	yields	346"
35"	yields	414"
40"	yields	554"

Cut width of strip		3 1/4"
Square size		Length
19"	yields	89"
24 1/2"	yields	165"
28 1/2"	yields	222"
34"	yields	334"
37 1/2"	yields	406"
40"	yields	474"

Cut width of strip		4"
Square size		Length
21 1/2"	yields	101"
25 1/2"	yields	147"
29"	yields	197"
34 1/2"	yields	270"
38"	yields	342"

Cut width of strip		4 3/4"
Square size		Length
20"	yields	74"
25"	yields	119"
30"	yields	174"
35"	yields	239"
40"	yields	314"
