### 你暑假做了什么？

Siobhan 白思玮

She went to the Smoky Mountains and drove through 8 states on our summer road trip! Our stops included my college town in Columbia, Missouri, Nashville, Memphis, Dollywood, Kansas City and St Louis

Siobhan got to meet Country Music performer Ashley Sofia when we were in Nashville. She had a guitar lesson and learned a lot about songwriting. It was a highlight of the summer for Siobhan. [You can listen to Ashley here on Spotify :\)](#)

# 你去哪儿？

Carolyn 王詠欣

She and her family went to Japan.

## Brynn 江宜蓓

She hiked up to and crossed many suspension bridges in Canada.

She visited a rock museum and discovered that so many rocks aren't just rocks....once washed, our dirty rocks turned out to be agate, jasper, and obsidian!

She visited an ostrich farm and learned about how they are good for sustainable farming and that their meat offers many health advantages and tastes like a good alternative to beef!

During the summer, he enjoyed many different summer camps including a trip do Disneyland. He did three coding camps, an adventure camp / space camp, and hung out with Carolyn and her family at a biking parade. He also enjoyed hanging out with Camila and her family on ATVs at Pismo Beach.
