Welcome

Welcome to the Future of Holographic Teleportation

Congratulations on your new HoloConnector™! You are about to experience cutting-edge holographic technology that redefines how we connect and communicate. Get ready to immerse yourself in lifelike holographic experiences powered by the latest in projection and software innovation.

What is HoloConnector™?

HoloConnector™ is a revolutionary device designed to display high-quality holographic visuals from almost any angle—without the need for wearable technology. It seamlessly works with Aexa's proprietary software, HoloConnect®, to take holographic projection to an entirely new level.

Available Sizes:

- Desktop Size: Perfect for personal use, meetings, and small gatherings.

- Human Size: Ideal for larger events, exhibitions, and public displays.

How Does it Work?

Using Aexa's HoloConnect® software, you can create, manage, and display stunning holographic content with ease. The device processes and projects the holographic data from HoloConnect® for an immersive, next-generation experience.

Disclaimer: The HoloConnector projects high-definition 3D holograms provided by HoloConnect onto a flat, two-dimensional surface, delivering unparalleled clarity and realism. Don't miss your chance to own the future of communication and entertainment.

Engineered and Built in the USA.

1. Unboxing

- ➤ Carefully open the shipping box to avoid damaging the contents.

- ➤ Remove the HoloConnector device and all included accessories from the box.

- ➤ Inspect all components for any visible damage.

  - o HoloConnector Device

  - o HoloConnector Screen

  - o Power Supply Unit (PSU)
  - o HDMI Cable

  - o HDMI-to-USB-C Adapter

 - o Remote Control

2. Setup

1. **Position the Device**:

   o Place the HoloConnector on a stable surface.

   Designated Slot
   o Gently lift the magnetic cover lid using your hand.

   o Insert the HoloConnector Screen securely into its designated slot.

- o Gently place the cover back using your hand. It will automatically reattach due to the built-in magnets.

2. **Connect Power**:

- o Plug the power adapter into the HoloConnector and a wall outlet.

Power Port

3. **Video Connection**:

- o Plug the HDMI cable into the HoloConnector.

HDMI Cable

- o

- Connect the other end of the HDMI cable to the HDMI-to-USB-C adapter.

- Link your smartphone or tablet to the HoloConnector using the provided USB-C adapter.

- Download the HoloConnect® app on your preferred device, such as smartphone, or tablet.

3. Usage Instructions

➢ **Launching a Session**:

- Once the HoloConnector is connected to a power source, it will start automatically.

- Open the HoloConnect® app on your device to begin.

- To begin, follow the in-app prompts and immerse yourself in HoloConnect's stunning holograms, seamlessly projected into your HoloConnector.
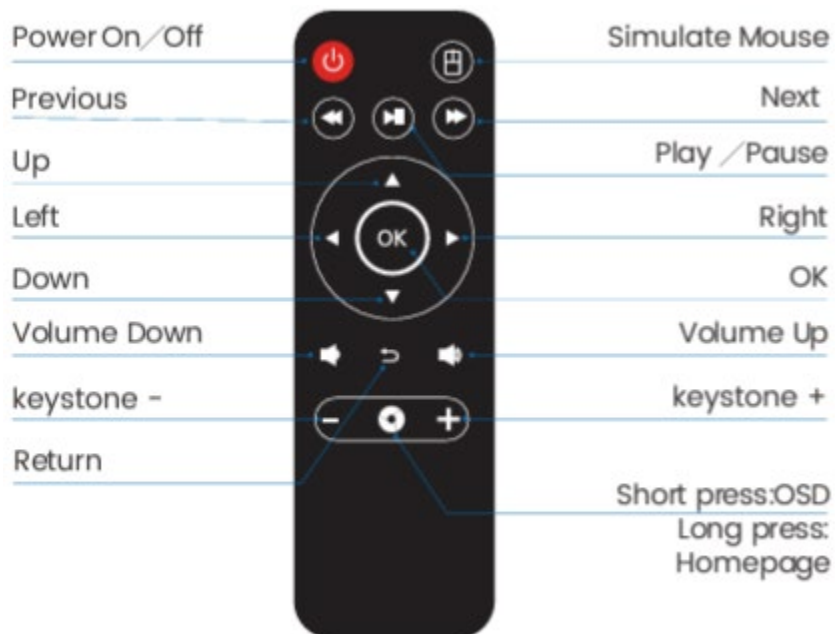

- o Multi-Platform Compatibility: Seamlessly connect your Holo Connector to PCs, gaming consoles, or other devices.

➢ **Adjusting Settings**:

- o HoloConnector Projection: Powered by AAXA Projector Technology.

- o Your HoloConnector is equipped with a convenient remote control for seamless satisfaction.

- o Extended Connectivity: The HoloConnector enables seamless device integration via mirroring, Bluetooth, internet, or built-in apps.

- o Projection Orientation: Customize the projection orientation to suit your preferences.

- ➤ **Maintenance & Care**:

  - o Wipe the screen with a soft, lint-free cloth.

  - o Avoid exposure to extreme temperatures or direct sunlight.

4. Troubleshooting

- ➤ **No Power**: Ensure the power cable is securely connected.

- ➤ **Connectivity Issues**: Check Wi-Fi or HDMI cable connections.

- ➤ **Display Problems**: Restart the device and adjust resolution settings.

5. Customer Support

➢ Visit our support website or contact customer service for assistance.
