Core Competencies

Digital Consulting Services Inc. provides IT Recruitment and Staffing Solutions across the full IT Life Cycle in four services pillars

- Digital Modernization and Cyber Security
- Data Services and Analytics
- Enterprise Infrastructure
- COTS Packages

Differentiators

QUALITY FOCUS: DCS has a rigorous screening and qualifying process before we chose a consultant to offer our clients. Multiple interviews, technology tests (if needed), soft skills analysis, communication evaluation, experience review etc. are all part of our standard consultant evaluation. Our clients can count on us for quality consultants to help them achieve their mission.

BEST VALUE: Competitive pricing, high quality resources, well trained and team players is what you can count on DCS to delivery you. We can bring a full team to staff your project or a partial team or individual consultants. We can work directly with an end user client, or we can provide consultants through Prime subcontractors.

TAILORED SOLUTIONS: Staffing solutions are tailored for your needs. We gather your requirements and design a staffing solution accordingly. We can deliver an individual consultant or a set of consultants or a complete team which has a history of working together harmoniously in a highly productive manner. We can deliver staff on site, near site, off site or at a remote site.

Professional Experience

Our Leadership has 55+ years of experience managing portfolios of outsourced accounts (including Fortune 500 Companies) with annual contract revenues of \$4m-10m representing multiple industries, organization sizes, level of client (from C-suite to Managers) and staff (Hourly to Directors).

- Client/Industries: Transit Agencies, International Banks, Pharmaceutical companies, Insurance companies, Universities, Global Manufacturers plus regional organizations and small businesses.
- Services: Strategy Consulting, Management Consulting, Operational Optimization, Market Analysis and Optimization, Program Governance and Support, Cloud Services and Migration, Email support, Identity Access and Management.
