Happy Anniversary Strauss Chiropractic!

October 2^{id} marks the 58th anniversary of the founding of the Strauss Chiropractic Center. Started in 1967 by Dr. Joe Strauss in his home in the Pinewood section of Levittown. Strauss Chiropractic has always been committed to providing excellent chiropractic care in a manner that is convenient and affordable for everyone. We are grateful to have such a long and celebrated history in this community. Below are just a few reasons why

There's NO Place Like Strauss Chiropractic.

1: You are NOT a Number

It's true, you will be one of many, some of whom you probably already know, but you are NOT a number at Strauss Chiropractic. We have literally thousands of people who have been coming to our office for decades and they are like family to us. Definitely NOT a number. In fact, everything we do at our office is FOR YOU. Starting on your first visit and every visit thereafter, we understand that everyone is unique. For that reason, we have long hours to fit your busy schedule, three different chiropractors for your preferred style, and a fee system that allows you to bring your whole family.

2: Come At Your Convenience

We don't know of any other chiropractic office that has as many hours weekly as we do! And not only that, but how many doctors do you know that let you come at your convenience without an appointment?!? We get it. Your life is busy, but there's nothing more important than your nerve system, so we're doing all we can to help you fit chiropractic into your family's life and schedule.

3: Quick Visits

It's true, there is sometimes a wait, but it's rare and you surely couldn't get care faster anywhere else. We know you need to be here regularly because you are beating your body up regularly. So how do we help you get the care you need with as little burden as possible? Quick visits! We know you have other things you need and want to do, so we won't keep you long. The fact that we get you in and out quickly makes our office worth MORE, not less!!

4. Set Your Own Fee

We understand that most people need more chiropractic care than they get. That's one of the reasons we have a "Set-Your-Own-Fee" system. Is it free? NO! We provide an excellent, invaluable service and expect people to reimburse us generously. We couldn't stay in business if they didn't. But we don't want money to be the reason why people don't get the care they need. Of course, we expect you to do the best you can financially, but you should also come as recommended and tell others about our office. This is how we have run the office since 1967, and when everyone does their part, it works.

EVERYONE, from their first day to their last, is better off with a clear nerve system. That's why we run the office the way we do. Taking care of your nerve system is the single most important thing you can do for your health and life. We are doing our part to make that do-able for as many people as possible. You can do your part by coming regularly, paying generously, and telling others about our amazing office. Together we can make happier, healthier people and a happier, healthier world, one family at a time.

Happy 58th Anniversary Strauss Chiropractic!
