DISGUSTING!

“Development of humanized mouse and rat models with full-thickness human skin and autologous immune cells”
Dr. Moses Bily et al, University of Pittsburgh Dept. of Infectious Diseases & Microbiology
Nature Scientific Reports 10, 14538, Sept 2020

Very little has been said about the ongoing fetal and humanized mice experiments going on at the University of Pittsburgh, and that must change. To make matters worse, the University of Pittsburgh has, once again, received state funding, aka our tax dollars, in this year’s state budget.

In addition, according to an article reviewed by LifeNews.com (8/4/21), the University of Pittsburgh set goals for black baby fetuses. New documents show, “the federal government gave the Univ. of Pittsburgh \$2.7 million in federal tax dollars over the past 5 years to become a ‘tissue hub’ for aborted baby body parts for scientific research.”

PRO-LIFERS HAVE A NEW FLAG!

THIS FLAG WAS THE WINNER OF A RECENT FLAG CONTEST TO HELP UNIFY OUR PRO-LIFE MESSAGE. YOU CAN ORDER YOUR FLAG AT WWW.PROLIFEFLAG.COM

THERE ARE BUMPER STICKERS AVAILABLE ALSO.

BECOME A **PRO-LIFE ACTIVIST**

If you're not currently, actively pro-life, or want to become even more of an activist, then be sure to tune in to Pro-Life Berks BCTV on Monday, Aug. 16th, 8:00 PM. There's so much that you could, and should, be doing to help end abortion. Be prepared to take notes!

Just a reminder that what you do, or say, can negatively impact our message, so always be peaceful, prayerful, legal, truthful and kind - even loving. You can truly be an army of one. Or, you can be part of a variety of pro-life events.

Thanks

To PA Rep. Jerry Knowles for his recent appearance on our Pro-Life Berks on BCTV July program. Rep, Knowles is a strong pro-life rep. and we greatly appreciate his efforts to help end abortion in our state.

KEEP SCOTUS IN YOUR PRAYERS

Please keep the Supreme Court of the United States in your prayers while they deliberate on the Mississippi case that limits abortion to 15 weeks. Their ruling is hot expected until next Spring, so keep them on your prayer list. Currently, Pennsylvania's Abortion Control Act limits abortion to 24 weeks. This case could overturn *Roe v. Wade* by allowing states to set the limits on abortion.

NOTES FROM MIKE MCMONAGLE, PRES., PRO-LIFE COALITION OF PA.

HEARTBEAT BILL, H.B. 904

Please take time over the summer to call, write, or email your state rep. and thank them for their pro-life votes and to encourage them to be sure and vote for the Heartbeat Bill, HB 904, when it come up for a vote this Fall. The bill would limit abortions after the presence of the heartbeat in an unborn baby, and this bill would limit abortion after about 6 weeks.

ANOTHER GREAT NATIONAL PRO-LIFE BRIDGE DAY.

HERE WE ARE AT THE #422 OVERPASS AT BERKSHIRE BLVD. Pictured: Evelyn Lopez, foreground. From left: Bob Wert, Kathy Swiezak.

Plan to join us next time! It's fun and a great way to spread the pro-life message in our community. Thousands of car and trucks passed under this overpass in the 2 hours we were there. We had 8 large pro-life banners on the fences.

This is the 4th year for the National Pro-Life Bridge Day, organized by the Pro-Life Action League.

The Reading Eagle published a nice article and picture of this event which we greatly appreciate.

Thanks to all who came out to stand for life and we'll see you next year!

Pro-Life Berks began in 1998 when Reading Planned Parenthood began doing surgical abortions. We are there every week, currently abortions are being done on Fridays. We pray, witness and do sidewalk counseling while we are there. Pro-Life Berks is a peaceful, prayerful organization dedicated to the defense of human life from conception to natural death. We oppose the use of force against persons and property. You can follow us on Facebook, or our website at www.prolifeberks.org. We publish a monthly newsletter. Watch Pro-Life Berks on BCTV the third Monday of each month at 8:00 PM. Programs are mostly live, so call in questions and comments allowed. **Pro-Life Berks, P.O.
