How to price your box:

Total Perimeter x Lineal Inch Price

$(\text{Width} \times 2) + (\text{Depth} \times 2) = \text{Total Ln. inches}$

$\text{Total Ln. inches}^* \times \text{Ln. inch Price} = \text{Raw Box Price}$

*Minimum Charge of 50 Lineal inches per box

Available Heights:

Box heights are available in 1" increments starting at
2.250" to allow for full dovetail joints, concealed bottom
groove and reduced lead times

Advantage and Prestige Series may be ordered at
custom heights with an additional \$5.00 per box fee.

Builders Series only available in fixed heights on the
inch plus 1/4"

Ex. 2.250", 3.250", 4.250"... etc.

Max height for any species is 14 1/4"

Lead Times:

Standard lead time is 5-7 working days.

Adding finish to dovetails does not add
additional lead time.
