Half-Pints Program

The Half-Pint program at TLC is designed for parents looking for a home away from home school enriched environment for their child. We provide a nurturing atmosphere that recognizes the unique needs of each child and supports his or her intellectual, social, emotional, and physical growth. This program provides positive first time exposure in a school structured setting. Readiness skills are reinforced daily through dramatic play, language, math, science, art movement, and various other activities .

A nutritious morning snack is provided by TLC and lunch is to be provided from home.

Our Educational Philosophy

We believe in placing equal emphasis on children's developmental needs, including the physical, emotional, social and intellectual components that contribute to each child's maximum growth potential. Children are encouraged to express their ideas and thoughts through artistic representation, dramatic play, experimentation, and investigation.

We see each child as a unique person with individual demands. Teachers design their programs to meet each child's interests and needs. Classrooms are designed to provide a happy stimulating environment in which each child can grow and develop.

Program Features

- Thematic units that encourage self-direction and confidence
- Math, science and language skills heightened through hands-on experiences
- Semi-annual progress reports and daily communication with your child's educator
- Small group instruction to enhance self-confidence and achieve developmental potential
- Enrichment activities that include, Music with Gerry, Yoga, Tumble Bus and two annual field trips.
