DCAP PARTNERS WITH MERALCO TO LEAD IN STRATEGIC CONVERSATIONS WITH DATA CENTER LEADERS

In partnership with MERALCO, DCAP hosted "Insights that Shape the Future: A Strategic Conversation with Data Center Leaders" at Manila House Private Club, BGC. The highly engaging gathering brought together DCAP members, industry leaders, energy providers, and investors to explore critical topics shaping the future of data centers in the Philippines. Mr. Samir Borkarof Siemens served as as the keynote speaker, who shared his expertise and provided valuable insights into the evolving landscape of data centers.

This event underscored the importance of dialogue and collaboration in driving innovation and ensuring the Philippines remains a prime destination for hyperscale deployments. It was also where MERALCO was also officially inducted as DCAP's newest Gold member.

MERALCO

Bernice Gretchel P. Garcia-Rama
Head of Enterprise Commercial
and Conglomerates
MERALCO

"As a member of the Data Center Association of the Philippines, we are committed to supporting the critical power infrastructure needed by data centers to ensure their scalability and reliability. We joined DCAP not only to meet the growing power capacity demands but also to continue and expand our advocacy for the entire industry. Our collaboration with DCAP will further help us to deliver end-to-end energy solutions that provide redundancy, reliability, and top-tier service level agreements (SLAs) for these Data Center power connectivity, ensuring uninterrupted operations. We believe these solutions will help data centers thrive, but our vision extends beyond meeting their immediate requirements.

Through DCAP, we aim to influence key areas such as policy-making, incentives, and regulations that will help foster the growth of this vital industry. By advocating for these improvements, we hope to attract more foreign direct investments (FDIs) into the country, positioning the Philippines as a leading hub for data centers in the region."

DCAP CHAIRMAN STEVEN J DAVIS HEADLINED THE GLOBAL CLOUD DATA & AI SUMMIT 2024

The recent Global Cloud Data & AI Summit 2024 gathered industry experts to discuss the future of cloud-native technologies, managed services, big data, cybersecurity, open source, and AI.

A highlight of the summit was the keynote address by Steven Davis Chairman of the Data Center Association of the Philippines. His presentation, titled "Strategic Imperatives for Data Infrastructure: The Role of Cloud and AI," provided invaluable insights into the transformative role of AI-powered cloud infrastructure in tomorrow's digital landscape.

STRATBASE GROUP CELEBRATES 20 YEARS

Patrick Signo, co-founder and board member of the Data Center Association of the Philippines, attended the Stratbase Group cocktail reception in celebration of their 20th year of service.

Congratulations to our partners at the Stratbase Group on this incredible milestone!

A-FLOW HOSTED A ROUNDTABLE DISCUSSION ON BEST PRACTICES FOR DIGITAL TRANSFORMATION

DCAP Gold Member A-FLOW, hosted **Mindshare with A-FLOW**, a dynamic roundtable event designed to explore the best practices for crafting a robust digital transformation strategy.

The event brought together industry leaders and practitioners, including DCAP Chairman Steven Davis and DCAP Co-Founder Patrick Signo, to share valuable insights on Emerging industry trends in digital transformation and Leveraging technology platforms across public, private, and hybrid cloud environments, among others.

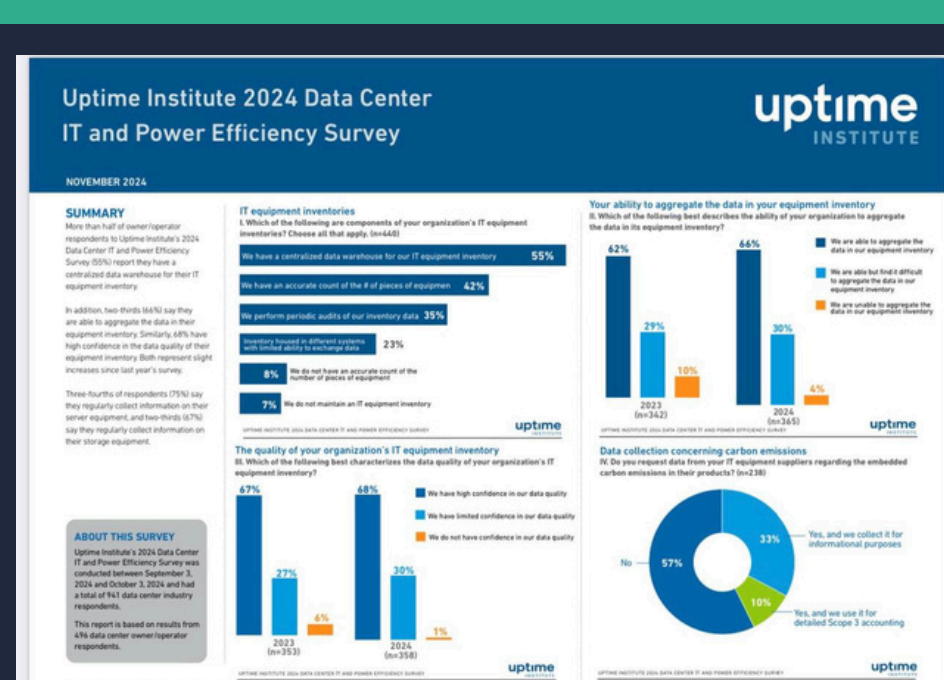

DCAP launches DC INSIGHTS - a new white paper series authored by thought leaders from the DCAP community.

In this first issue, we dive deep into the most pressing trends, challenges, and opportunities shaping the data center industry. Whether you're navigating the rapid pace of digital transformation or exploring the future of hyperscale deployments, DC INSIGHTS BY DCAP offers expert analysis and forward-looking predictions.
